

XLD Family,

There has been a confirmed positive test result of someone at the studio and that person was last at the studio on Friday February 5, 2021. Although this was not a spread from with-in our studio space, we have fully disinfected the studio since then and feel it's best to host 1 virtual week of classes.

We are taking every precaution to keep everyone safe and will be closing all in studio classes until Wednesday, February 17, 2021. All classes will be hosted via zoom until we re-open for in person classes next Thursday February 18, 2021.

Due to privacy requirements we will not be releasing the name of the individual or details that may identify him or her.

While we do not have reason to believe that those who were not in close contact with the infected individual have reason to be concerned, as all students have actively worn mask in the studio and at all events, we ask that you, as always, watch for symptoms of COVID-19.

Any of the following symptoms indicate a possible COVID-19 infection:

- Temperature of 100 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If any member of the XLD community does begin experiencing any of these symptoms in a way that is not typical, we encourage you to contact your physician.

Zoom codes for classes will be sent out 30 min prior to class. In studio classes will resume Thursday February 18, 2021.

Thank You,

Ms. Trecia
